

LUVUYO MBEWU

Cape Town, 7570 076 496 5020 | luvuyombewu@gmail.com | github.com/luvuyombewu-dev | linkedin.com/in/luvuyo-mbewu

PROFESSIONAL SUMMARY

Computer Engineering graduate with a strong foundation in software development, IT support, and networking. Proficient in Java, Spring Boot, PostgreSQL, and object-oriented programming, with hands-on project experience. Motivated, adaptable, and eager to contribute while gaining practical industry experience through the Kit Kat Group Graduate Programme.

TECHNICAL SKILLS

Programming: Java, JavaScript, HTML5, CSS3.

Backend: Spring Boot, REST APIs, OOP, Debugging.

Databases: PostgreSQL, SQL.

Networking: TCP/IP, DNS, DHCP, Cisco Packet Tracer, LAN/WAN, Routing & Switching

IT Support: Windows Installation, Hardware Diagnostics, System Configuration, End-User Support, Fault Isolation.

Embedded: Arduino, Siemens PLC (Basic), Sensors, Automation Simulation

Tools: NetBeans, VS Code, MATLAB, Proteus 8, SimulIDE, AutoCAD, MS Office.

CERTIFICATIONS & ONGOING LEARNING

- Cisco – CCNA Curriculum.
- AWS Cloud Practitioner Essentials (In Progress).

PROJECTS

Student Management REST API – Java, Spring Boot, PostgreSQL: Developed CRUD REST API and relational database.

Network Design & Troubleshooting: Designed and tested LAN/WAN topologies using Cisco Packet Tracer.

Arduino Embedded System: Integrated sensors and actuators with real-time control logic.

PLC Automation Simulation: Developed Siemens PLC control logic and simulated industrial processes.

System Troubleshooting Lab: Installed/configured Windows and resolved hardware/software faults.

WORK EXPERIENCE

Merchandiser – Smollan (Sep 2022–Jan 2023)

Maintained inventory accuracy, resolved stock discrepancies and met operational deadlines.

General Worker – Isipani Construction (Sep 2020–Sep 2021)

Performed inspections and reported operational issues.

General Worker – DSV (Jun 2017–Jan 2019)

Supported logistics operations and maintained accurate records.

Trainee – Cocopan (Jul 2015–Nov 2015)

Assisted with inspections and operational support.

Trainee – Urban Landscape Solutions (Jan 2014–Jul 2014)

Maintained irrigation systems and completed routine inspections.

EDUCATION

Diploma in Engineering Technology: Computer Engineering

Cape Peninsula University of Technology – 2025

Relevant Modules: Software Development, OOP, Database Systems, Computer Networks, Embedded Systems.

National Diploma in Landscape Technology

Cape Peninsula University of Technology – 2019

Grade 12

Lehana Senior Secondary School – 2011
